## **PERSONAL PROFILE.**

---

A dedicated and results-driven in Civil Engineering with over four years of hands-on experience in the design, supervision, and execution of construction projects. Proven ability to manage structural works, site operations, and project coordination while ensuring compliance with engineering standards, safety regulations, and client specifications.

Experienced in a wide range of civil engineering works including reinforced concrete structures and building construction. Adept at preparing technical reports, conducting site inspections, and implementing cost-effective and sustainable engineering solutions.

Possesses strong analytical skills and a solid understanding of structural design principles, with proficiency in engineering software and project management tools. Demonstrates excellent teamwork, communication, and problem-solving abilities, with a commitment to delivering high-quality projects within timelines and budget constraints.

A motivated professional seeking to contribute expertise and grow within a dynamic engineering environment while upholding integrity and engineering excellence.

## **CAREER OBJECTIVE.**

---

To become an excellent Civil Engineer with an aim of solving engineering societal and environmental problems in safe and economic sense as a team leader. To educate the community on the new technologies in construction industry that is recommended.

## PROFESSIONAL SKILLS.

---

- Supervision Skills while at MCBuilders.
- Skills in computer Aided Drawing in AutoCAD
- Skills in structural design and analysis of structural elements.
- An ambitious team player with the ability to adapt quickly to dynamic environment.
- Work under minimum supervision.
- Honest and result oriented.
- Good communication skills (both written and oral).
- Good report writing and interviewing skills.

## EDUCATION

---

### **Technical University of Kenya, Nairobi**

*(July 2022 – December 2024)*

Bachelor of Technology in Civil Engineering (B-tech. Civil)

- *Awaiting Certification.*

### **Bondo Technical Training Institute, Bondo**

*(May 2018– December 2021)*

Diploma in Civil Engineering.

- *Diploma*

### **Seniors Driving School, Nairobi**

*(December 2021)*

Driving Licence (DL)

- *Certification*

### **St Joseph's School Rapogi High, Migori**

*(February 2014 – November 2017)*

Kenya Certificate of Secondary Education (KCSE)

- *Certificate*

## **Oserian Hilltop Academy, Naivasha**

*(January 2006 – November 2013)*

Kenya Certificate of Primary Education (KCPE)

- *Certificate*

## **WORK EXPERIENCE**

---

### **COMPANY: MEIJER & ASSOCIATES CONSULTANCY FIRM.**

*(FEBRUARY 2022 –CURRENT)*

Construction consultants help both owners and/or contractors engaged in engineering and construction projects to identify potential project risks, prevent problems from occurring, and mitigate and equitably resolve problems when they do occur, thereby increasing the likelihood of delivering a successful project.

Key responsibilities include;

- Assist in Structural drawings using CAD.
- Assist in Design and analysis of high-rise structures (analysis using MIDAS).
- Assist with the preparation of technical reports.
- Assist in conducting site visits, site inspections and any other assigned work.
- Assist with the analysis of technical issues.

**COMPANY: OZERIO LIMITED COMPANY.**

*(FEBRUARY 2021 – MAY 2021)*

The project contracted to the OZERIO LIMITED COMPANY to construct head quarter offices. The project was located along Kiambu Road opposite Four Ways petrol station.

Key responsibilities include;

- Setting out of building works.
- Project and contract management.
- Assisting in managing materials and resources of various construction activities.
- Costing and Estimation of materials.
- Interpretation of Architectural and Structural drawings.
- Survey and Leveling works.
- Site and materials management.
- Plan interpretation.
- Masonry works. Plastering, Walling.

**COMPANY: MC BUILDERS LIMITED COMPANY.**

*(MAY 2020 – NOVEMBER 2020)*

The Palm Valley project Subcontracted to the MCBUILDERS to construct residential apartments, villas and Townhouses. The was project located opposite Brookhouse International School.

Key responsibilities include;

- Compiling daily progress report of the work done.
- Quality Control tests for concrete.
- Some store keeping.
- Inspection of materials entering the site.
- Surveying and Leveling.
- Interpretation of Architectural and structural drawings.
- Masonry works.

**COMPANY: THE KENYA ELECTRICITY GENERATING COMPANY LTD.**

*(SEPTEMBER 2019 – DECEMBER 2019)*

When at KenGen, I was attached at the Geothermal Development Division, Olkaria 1 Civil Workshop where we were majorly dealing with repairs, maintenance of access roads, building and construction and other duties which assigned by the supervisor.

Key responsibilities include;

- Project and contract management.
- Laying of drainage pipes within the geothermal plants.
- Inspection of waterlines at the domes.
- Routine rehabilitation of access roads.
- Management of well pads, pond fences CSR projects and contractual works.
- Surveying and levelling works.
- Masonry works.eg plastering, concreting etc.

**KEY ACHIEVEMENT AND SKILLS**

---

- Supervision work done while at MC Builders.
- Computer Aided Drawing Skills.
- Leadership and management skills
- Analytical skills.
- Data analysis Skills
  
- Problem solving skills
  
- Risk management skill
  
- Communication Skills
  
- Team player
  
- Interpersonal Skills

## STRENGTH

---

- Self-starter
- Teamwork and cooperation.
- Attention to detail.
- Time oriented
- Critical thinking

## HOBBIES & INTERESTS

---

- Networking and interacting with people.
- Travelling and exploring.
- Watching Documentaries.
- Playing football.
